## **2 YEAR OLD PROGRAM**

This 30 minute Introduction to Dance program combines creative movement and tumbling concentrating on large motor skills while exposing each child to various dance movements with fun sing-a-long songs. It allows the child expression and movement in fun group oriented activities. We ask that a parent or guardian stay in class in case their child needs assistance.

## **3 & 4 YEAR OLD PROGRAM**

Our preschool, 3 & 4 year old, program is a 45 minute combination of pre-ballet, tap and tumbling incorporating fun sing-a-long songs with dance while focusing on gross motor development and group activities. It is our belief that a child's first experience with dance should be fun, positive and rewarding, fostering the basis for a lifetime love of dance.

## **5 & 6 YEAR OLD PROGRAM**

This 45 minute class is a combination of ballet and tap. Ballet is taught using the Checchetti method. Children are introduced to the barre and appropriate exercises as well as movements across the floor. Classical and pop music is used as accompaniment. Strict turn out is not advocated until the child's bones and muscles are more developed. Tap is taught using upbeat music. Correct terminology is used throughout class.

## **7 & 8 YEAR OLD DANCE PROGRAM**

This hour long combination of ballet, tap and jazz continues to strengthen ballet and tap technique while introducing students to basic jazz movements. We strive to provide a mix of popular hip hop moves with traditional classical jazz. All music and costumes are chosen carefully for age appropriateness.

## **9 YEARS & OVER**

Students age 9 and over are grouped by age and/or ability. Students have the options of ballet, jazz, tap, lyrical, hip hop, and pointe. We are careful not to introduce Pointe until the student's age, development and level of proficiency are ready for this complex discipline. **Classical ballet** classes are offered for the more serious student.

## **TEAM & COMPANY**

We offer a team and company experience for students in the fifth grade or higher. These students meet twice a week to study tap and jazz. In addition, they are required to attend a classical ballet class each week. Students compete in at least two competitions per year in addition to several exhibition performances. In order to become a team member, teacher recommendation is required. Students must maintain appropriate conduct, class participation, and attendance. Auditions are required only for the elite team. Company students must audition for placement and compete in several regionals and a national competition each year.

In order to provide a variety of experiences for our dancers, **hip-hop, musical theater, acrobatics, lyrical, and liturgical** classes are offered. Liturgical classes feature movement and expression to contemporary Christian music. Prayer, praise, and devotion will be incorporated into each class.

**Private lessons** are offered in all areas of dance. Students are encouraged to participate in talent shows, pageants, and competitions. Private lessons require a separate enrollment agreement.
